A Fabulous Start

I can't believe we are 4 weeks into Year 2 already! It's been lovely to see how well all the children have settled into new routines, and how comfortable they are in their new class. Now we've learnt all the basics, we have been able to get to grips with some more in-depth learning and all the children have done some brilliant work that has made them very proud – in particular, this fantastic writing on the Lorax! →

In Class This Week...

In English this week, we're continuing with the Lorax. We'll be having fun with persuasive writing by creating our own adverts for the Thneed, trying to persuade our audience that they should definitely buy one!

In Maths, we are moving onto addition and subtraction this week. We're starting with learning how to add ones, then moving onto learning different ways to add 2-digit numbers.

In Science, we are continuing our work on investigating materials. We'll be testing some materials to see which is the most suitable for a purpose.

In History, we're finishing up our learning on Harrogate by discovering how it turned into a conference town. For Black History Week this week, we are focusing on modern day role models. We'll be learning about Marcus Rashford and the inspirational work he's been doing during lockdown.

Fun in Year 2!

The children have been really enjoying their learning. A particular highlight for many has been Music – last week, the children learnt how to compose and perform their own rhythms using proper musical notes!

Homework + Notices

5th October: English Homework (due 12th October)

12th October: Maths Homework (due 19th October)

On Monday 12th October, a short mini-report will be sent out by email on how your child has settled into their new class, as we are unable to do our normal parents' evening. Please remember to email sdaniel@killinghall.n-yorks.sch.uk if you haven't already, so that I have your contact details to send it to. Have a great fortnight! 😊

Miss Daniel
