

Red

Draw tens and ones or use column method 😊

$$48 - 23 =$$

$$67 - 32 =$$

$$74 - 31 =$$

$$67 - 34 =$$

$$46 - 13 =$$

$$59 - 33 =$$

$$89 - 55 =$$

Amber

You won't have enough ones so you'll need to borrow a ten and swap it for 10 ones.

$$52 - 24 =$$

$$43 - 15 =$$

$$54 - 16 =$$

$$75 - 27 =$$

$$83 - 34 =$$

$$62 - 35 =$$

Green

Real life Maths. Remember to underline the key numbers and turn the words into a number sentence. Then USE YOUR METHODS!

1. I have 56p to spend at the shop. My friend has no money, so I give him 20p. How much do I have left?
2. Jess bakes 45 cakes for the cake sale at school. She sells 32 cakes. How many does she have left?
3. Tim scored 79 points on a computer game. His friend Jon scored 32 less. How many points did Jon score?
4. The game I wanted was £99 but there's a sale at the shop and they have taken off £35. How much does my game cost now?
