

Mrs Bassitt's challenge - to make a raft

I decided to use wood from the garage because we've got lots of wood, then with help from my dad, we made a raft. These are the different stages of making, which included sawing, drilling, hammering and gluing:

Then we took it down to the river in the Nidd Gorge to test it out! It was a success and floated. It was we sent it river lots of

our raft great fun and down the times!
